THE MUNICIPAL ELECTION.—The municipal election is progressing remarkably quietly, and up to this writing-three o'clock p. m - no disturbance has occurred at any of the polls. The Commissioners of Election met yesterday evening, and after listening to the report of Mayor Latham and Judge Moore, whom they and the Attorney General upon the question of the legality of such negro votes as might be offered to-day, which was to the effect that neither of the distinguished individuals they had visited had given them any definite answer to their enquiries, resolved that, acting under their oaths, they would be compelled to refuse to receive to-day any negro votes that might be presented to them. Early this morning the following notices were extensively circulated throughout the city, and at the voting pre-

To the Voters of Alexandria:

During my absence to-day in Washington, whither I had gone by direction of the Commissioners of Election, a meeting was called for the purpose of nominating candidates, under the impression that the colored people would be entitled to votes. I now appeal to my friends to sustain me, by an endorsement of my course, during the past year. Those who Yours, &C., Hugh Lath. HUGH LATHAM.

To the Citizens of Alexandria:

March 4, 1867.

It is evident that the negroes are to vote at to-day's election. If these votes are not received by the regularly appointed Commissioners they will cast their ballots at a separate poll. If they cast a majority for their candidates, they will contest the election before the Courts, or Congress will determine. In view of these facts it is incumbent upon all well wishers of the city's interest to concentrate their support upon the nominees of the

The polls were opened about nine o'clock, and at each of them negroes immediately pre sented their votes, which being at once rejected by the commissioners, were received and recorded by committees standing in the neighborhood, and appointed for that purpose by the white persons in this city, who maintain that such votes are legal. Recording votes in the rain and hail, which were falling heavily at the time, being exceedingly inconvenient the committees soon adjourned to houses in the vicinity, where, during the entire day, negro votes were received and recorded in large numbersthe negro population of the surrounding country, having quit work and come to town for the purpose of indulging in the highest prerogative of freedmen. Indeed not only from the neighborhood came they, but from all sections of the country, some bailing from as lar north as Boston, and some from Mississippi.

The negro votes in the First Ward were received at the house of Mr. George Tucker, their candidate for Mayor; in the Second Ward at the office of Magistrate Moore; in the Third Ward, at the Columbia Restaurant, near the Court House, and in the Fourth ward at the Colored Church on Alfred street. General Canby, commanding the Department of Washington, sent here last night, two companies of the 12th U. S. Infantry, Colonel Stanhope, and a battation of cavalry consisting of three companies of the 5th U.S., Capt Taylor, the whole under command of Gen. W II. Emory, but their presence has not been re quired up to this time, nor is it likely their as sistance will be at all necessary to preserve the peace and quiet of the city during the rest of

The total vote polled up to three o'clock was about 735, as follows: In the First Ward, 215; Second, 125; Third, 225; and Fourth, 170, of which Marbury, for Mayor, had received about 370, and Latham 330. The ticket, save the Mayor, nominated by the Convention last night, will undoubtedly be elected by a large majority, very few of the candidates having any opposition. The Council tickets nominaled at the ward meetings will all be elected.

The number of negro votes polled up to the same time was about one thousand, all of which were for the Radical ticket.

Messrs. The course to be pursued to-day, as stated by the speakers, was for the colored men to offer their ballots to the Commissioners of Election, but if not by them received, to hand them to committees who would be in the neighborhood of the different polls, who would record them, and upon the exhibit, of these committees Congress, would determine who should rule Alexandria.
